

VILLAGE OF GROSSE POINTE SHORES

A MICHIGAN CITY

DEPARTMENT OF PUBLIC SAFETY

2015 ANNUAL REPORT

Preface

The information contained herein is for public record and has been compiled for dissemination as required by the Charter and Ordinance of Grosse Pointe Shores. The report itself is distributed to the City Manager, members of the City Council, Public Safety personnel, and the media. In addition the report will soon be available for viewing on the city website at www.gpshoresmi.gov/.

Mr. Mark Wollenweber
City Manager
Grosse Pointe Shores

March 7, 2016

Dear Mr. Wollenweber,

It is my privilege to provide the 2015 Annual Report for the Grosse Pointe Shores Department of Public Safety. The Annual Report is the official record of the activities, events and training related to law enforcement, fire related activity and emergency medical services for the year.

The year 2015 was marked with several areas of operational progress within the Public Safety Department. On August 5, 2015, Public Safety Officer Daniel Pullen retired from the Department after 30 years of service. Dan started his career in 1985 as a dispatcher and two years later was hired as a public safety officer. As a patrol officer and evidence technician, Dan excelled in his community policing responsibilities and was occasionally assigned to the Detective Bureau. We wish Dan and his family all the best in retirement.

With the retirement of PSO Pullen, Mayor Kedzierski and the City Council have allowed me to hire an officer to fill the open position. On October 20th, two of my command officers and I interviewed nine candidates for the position of Public Safety Officer. Three of the candidates appeared well qualified, while one individual was a clear standout. Mr. Ryan James Wilson achieved an overall score of 92% on his oral board and was ranked # 1. Ryan was given a

conditional offer of employment pending the outcome of an intense background investigation, physical and psychological evaluation. Ryan was hired on November 30th and began his orientation with the department. Ryan comes to us qualified as a licensed senior paramedic from Medstar and a certified fire-fighter with the Macomb Township Fire Department. Ryan started the 17 week Macomb Police Academy on January 18, 2016 and we look forward to him being sworn in at the May 17, 2016, City Council meeting.

On November 17, 2015, the camera locations at 1100 Lake Shore, Woodland Shore / Lakeshore and Cook Road / Ballantyne went live. These cameras provide high definition video to our main server within the police station. The fourth camera location, Vernier / Lake Shore Road, will be completed with the intersection re-engineering project. It is our hope, that when needed, these cameras will provide us with video evidence that will assist our operation.

The Public Safety Department continues to work with the Grosse Pointe Yacht Club and Ford House with numerous pedestrian and traffic control projects throughout the year. Public Safety continues its work with the GPYC in providing fire suppression and pre-planning assistance for their marina upgrade project.

The Public Safety Department took on two officer training initiatives in 2015. In October, PSO Terrence Brown was sent to motor school to become a certified operator of our Harley Davidson motorcycle. Certified riders provide parade escorts and play a important role in the enforcement of our traffic laws. PSO Jason Cook is currently attending a training course to become our second Emergency Medical Service, Instructor Coordinator (IC). When certified, Jason will assist our EMS Coordinator, Lt. Scott Rohr, in the preparation and execution of training for our paramedics.

2015 marked the fourth consecutive year that we have continued the radio upgrade project for our mobile and hand held prep radios. The department was informed in 2011 that Motorola could no longer provide hardware support for our 16 year old radios, and we began replacing two radios each year. Currently, all of our marked police vehicles are equipped with the new Motorola APX 6500 digital radios and in 2016, we are continuing our yearly upgrades to our prep radios. In 2012, through the state bid price, we were able to upgrade all of the DPW portable radios to the new technology. As you will observe later in this report, 2015 marks the second year that I have provided a Vehicle Life and Equipment Life evaluation. This graph provides a projection of the expected life of a vehicle, or primary piece of Fire or EMS equipment, contrasted against the current age of the equipment. This analysis will assist the department with planning and forecast a means by which realistic goals and acquisitions may be established for the years ahead.

I am reporting that our 2015 Part I crimes, which are categorized by the F.B.I. as the eight most serious offences against persons or property, totaled 15, compared to 10 in 2013, and 5 in 2014. Of the eight Part 1 crime classifications, 6 of these categories reported zero criminal activity. The criminal data reported by Grosse Pointe Shores to the F.B. I. remains historically low in comparison to communities our size. A more extended look at the crime statistics reveals the following. In reference to stolen autos, we have had 3 reported in 13 years, all of which were recovered. We had zero reported robberies in 13 years, and with larceny, a crime of opportunity, we have experienced a total of 40 in a 13 year period, or an average of 3 per year. These excellent criminal statistics are due in part to maintaining a highly visible and proactive police presence within the community, as well as our alert residents informing us of suspicious activity before they become reported crime.

Part II identified crimes decreased in number from a total of 149 in 2014 to 133 in 2015. While this number appears high, it is worth noting that 90 of these 149 reported offences, or 68%, are attributed to officer initiated, OWI and narcotics related arrests. Grosse Pointe Shores continues to lead all of the Grosse Pointe communities in the annual number of OWI arrests, for a yearly total of 71, or 1 arrest every 5 days. Motor vehicle accidents remained the same as 2014 for a total of 40.

In the area of Emergency Medical Services, we saw an increase in our 2015 calls for service to 144, compared to 109 for 2014. This 23% increase is attributed to Grosse Pointe Woods again utilizing our medic unit as their secondary, or back-up, medic service. Comprehensive data for our EMS response times, demographics and mutual aid responses can be found in the Emergency Medical Services section of this report.

There were no structure fires reported in 2015, however, officers maintain their essential fire-fighting skills with monthly training and yearly hands on training evolutions. During 2015, the Public Safety Department assisted both Ford House and the Grosse Pointe Yacht Club with pre-fire planning, as well as hands on fire extinguisher training for their employees.

Our Public Safety Officers remain committed to police, fire and paramedic training and this is reflected in their competent, efficient and professional delivery of service to our residents. In 2015, Grosse Pointe Shores Command and Patrol officers engaged in 2,124 hours of academy level and in-house training, or 124 hours per officer. Grosse Pointe Shores officers participated in 288 hours of handgun and rifle training alone. Our department supervisors and training officers make a tremendous commitment each year to the training and readiness of all of our

officers. I remain proud of the services we provide to the community and the privilege of working with these dedicated professionals.

In September, a resident requested to meet with me regarding more than 20 years of medic service that we had provided for his family. At this meeting he indicated that he wanted to make a contribution to the department in his parent's name that would directly benefit the officers, but he wished to remain anonymous. I shared with him an upcoming project related to the replacement of our officers' 20 year old on duty firearms. He liked the idea and as of March 1, 2016, the family's foundation has replaced all of the department side arms. It was an honor to serve his family, and we are very grateful for his generosity.

In closing, I would like to take this opportunity to thank Mayor Kedzierski, the City Council, the City Manager and our generous residents for their continued support of the Public Safety Department.

Respectfully,

John J. Schulte
Director of Public Safety

Grosse Pointe Shores Public Safety 2015 Annual Report

Mission Statement

The officers and staff of the Grosse Pointe Shores Department of Public Safety are committed to working cooperatively with the community to provide exceptional service and protection to the public from crime against people and property. The Public Safety Department is dedicated to maintaining safe and secure neighborhoods through professional, ethical, and cost effective service with proactive law enforcement, fire protection and emergency medical services.

Personnel Overview

As of December 31, 2015 the Village of Grosse Pointe Shores employed 18 sworn officers and 12 civilian administrative part-time clerks. The Village of Grosse Pointe Shores being the first public safety department in the nation comprised of entirely triple trained officers: certified and or licensed to provide police, fire, and paramedic services. With a Department of 18 officers, 13 are licensed paramedics, certified in advanced cardiac life support (ACLS).

The principle role of the Department continues to be proactive and preventive patrol of the community. Eighty eight percent of our total personnel are assigned to daily patrol and supervisory activity. The Detective Bureau / Special Operations is managed by one command officer and supplemented by additional staff when needed. The command officer assigned to the Detective Bureau also serves the Department as a uniform shift commander when needed to provide supervisory coverage for the uniform division, the flexibility of this command officer saves the department numerous hours of overtime. The Public Safety Clerks continue to provide administrative support to Public Safety, Public Works, Parks and Recreation and the administrative staff.

POLICE DIVISION

Uniform Division

In order to maintain uninterrupted 24 hour service to the community the Department operates under a 4 platoon system. Each of the 4 platoons consists of shift supervisors and public safety officers. Two lieutenants are assigned as shift commanders and each lieutenant manages 2 platoons. The shift commanders are direct reports to the Director of Public Safety.

The platoons work 12 hour shifts and rotate every 10 weeks from days to nights. The patrol shifts are responsible for the protection of citizens and their property as well as the enforcement of laws and ordinances within the city limits. Routinely the patrol officers respond to citizen calls for assistance, enforce traffic codes, conduct field investigations, and assist with any special programs or activities occurring within the community.

The patrol division is the backbone of our organization and responsible for the personal and professional relationships that exist between the Department and the citizens of our city. The officers' daily contact with the public promotes a strong working partnership between

Grosse Pointe Shores Public Safety 2015 Annual Report

Department personnel and our valued residents. It is this relationship that contributes to the pride of being a resident of Grosse Pointe Shores.

Detective Bureau & Special Operations

The Detective Bureau and Special Operations responsibilities are assigned to Lieutenant Scott Rohr who oversees case investigations and the prosecution of criminal and youth offenders. In 2015, the Bureau managed 62 Group A, and 92 Group B investigations and/or prosecutions. The Department relies upon the Detective Bureau to conduct criminal investigations, hold witness/subject interviews, and perform surveillance details. A Detective's responsibility is to act as the Officer-In-Charge (OIC) of investigations, crime scene management, evidence collection and processing, as well as documentation and preparation for trial. The Director and Detective/Lieutenant make themselves available 24 hours a day for consult, immediate response to an active crime scene and mutual aid requests that take our officers out of the city. Additionally, in 2015 the Lieutenant began assisting the court with processing civil infraction plea hearings to help reduce wait times on court dates. Special Operations is responsible for managing all forfeitures of property and cash as well as the disposal of same.

In 2015, the Special Operations Division was tasked with the implementation of new Freedom of Information Act (FOIA) compliance laws. Also in 2015, the Wayne County Prosecutor's Office changed how warrants are reviewed and approved. This change now requires that all video related to a case be reviewed and submitted with our request for warrants. In response to the new mandate, Grosse Pointe Shores developed and initiated a

Grosse Pointe Shores Public Safety 2015 Annual Report

new procedure to save time and share information electronically. Our newly developed process has been recognized by the Prosecutor's Office as the most efficient program in Wayne County. Our detective bureau was asked to produce a training video and literature on our method that is now distributed by Wayne County Prosecutor's Office as the model to other police departments in Wayne County for video submissions.

Public Safety Clerks

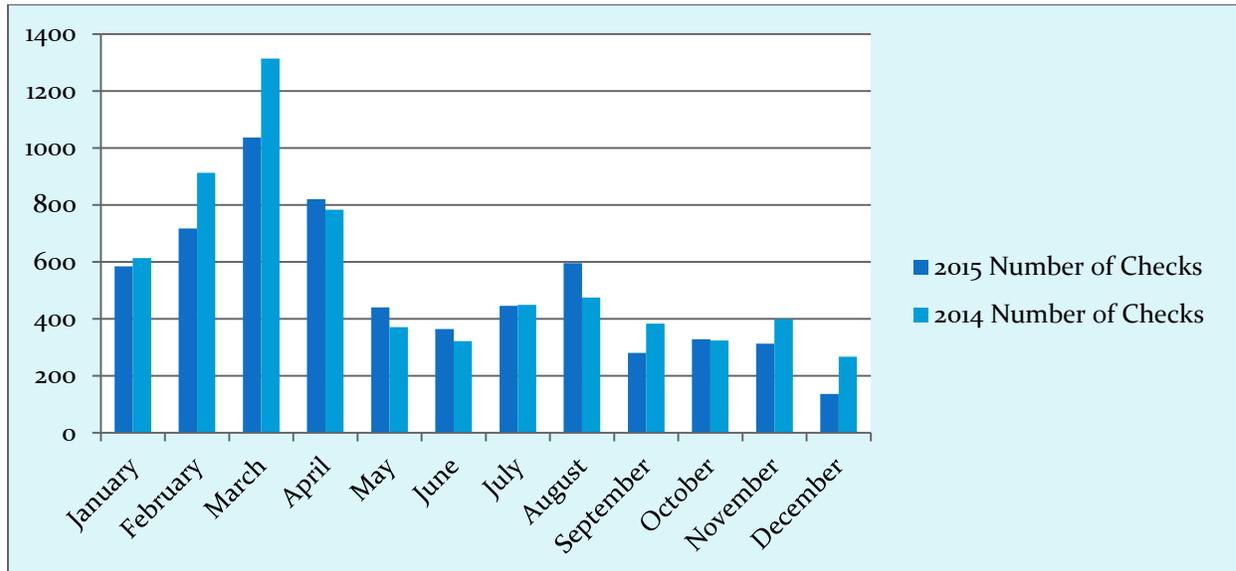

In 2015, we continue to employ 12 civilian clerks that share 21, 8 hour shifts weekly. The Special Operations Unit continues to oversee the scheduling and delegation of duties for the clerks. Many of the clerks have been with the Department since the inception of the program, and have proven to be a valuable resource and necessary support to the Public Safety Department. Their daily responsibilities provide the needed services of: answering and directing non-emergency phone calls, assisting residents/guests at the reception desk, issuing and maintaining permits for firearms, snow plows, estate/garage sales, special events, and animal licenses. The clerks also process and maintain the House Watch Program and follow-up, assist with FOIA requests, impound records, shift information logs, bond receipts, criminal history backgrounds, and manage the call in of off duty DPW personnel. Clerks are often used to assist with clerical support for the Detective Bureau, the Administrative offices and the Court. The ability to utilize clerk's to handle special projects for the various departments with-in Grosse Pointe Shores allows those departments to continue with uninterrupted regular operations. The flexibility in using the clerks for various assignments maintains the highest level of service to the public, while continuing our practice of judicious staffing levels.

Grosse Pointe Shores Public Safety 2015 Annual Report

As a Department, one of our most appreciated services by our residents is the management of our House Watch Program. While our residents are away on vacation, the security of their property is one in which we take great pride. Grosse Pointe Shores leads the way locally, in providing these services to our residents. The clerks speak to each resident at the onset of their house watch to verify dates, contact and property information, and at the termination of each watch they make a courtesy phone call to confirm conclusion of the watch. The clerks routinely relay the positive feedback, and expressions of gratitude from the residents, to the officers, for the exceptional attention given to safe guarding residents and their property. Throughout 2015, our officers made 6,059 individual daily checks on homes while our residents were away, as displayed in the house watch graph.

The chart below illustrates usage of this service in a given month.

Grosse Pointe Shores Public Safety 2015 Annual Report

Five Year Incident Comparison Report

Part I Crimes, as defined by the Federal Bureau of Investigation include the most serious criminal offenses including murder, robbery, burglary, auto theft, and other serious victimization crimes. These classifications of crimes tend to directly correlate with the citizens’ sense of security and safety.

<i>Part I Crimes</i>	2015	2014	2013	2012	2011	5 Yr. AVG.

In 2015 Grosse Pointe Shores Municipal Court collected \$ 397,508 in violation fines and court related costs.

EMERGENCY MEDICAL SERVICES

Thirteen of eighteen sworn officers are licensed paramedics, certified in advanced cardiac life support (ACLS). Paramedics are trained to the highest level of pre-hospital care and can provide immediate intervention for the sick and injured patients, including administering medications and providing lifesaving procedures. Our remaining officers are all basic Emergency Medic Technicians.

In 2015 officers transported 144 patients, totaling \$104,989.14 in billable runs.

	2011	2012	2013	2014	2015

**Hospice deaths included without EMS response*

In 2015, Grosse Pointe Shores continues to be the secondary response for Grosse Pointe Woods as well as Grosse Pointe Farms. The mutual aid and local response times are displayed on the *Response Times* graph on pg. 26.

Response time can be defined as time the time from the initial time of call until the assistance arrives. According to the *Journal of the American Medical Association*, a significantly higher out-of-hospital cardiac arrest survival rate if the following two conditions existed in the EMS response:

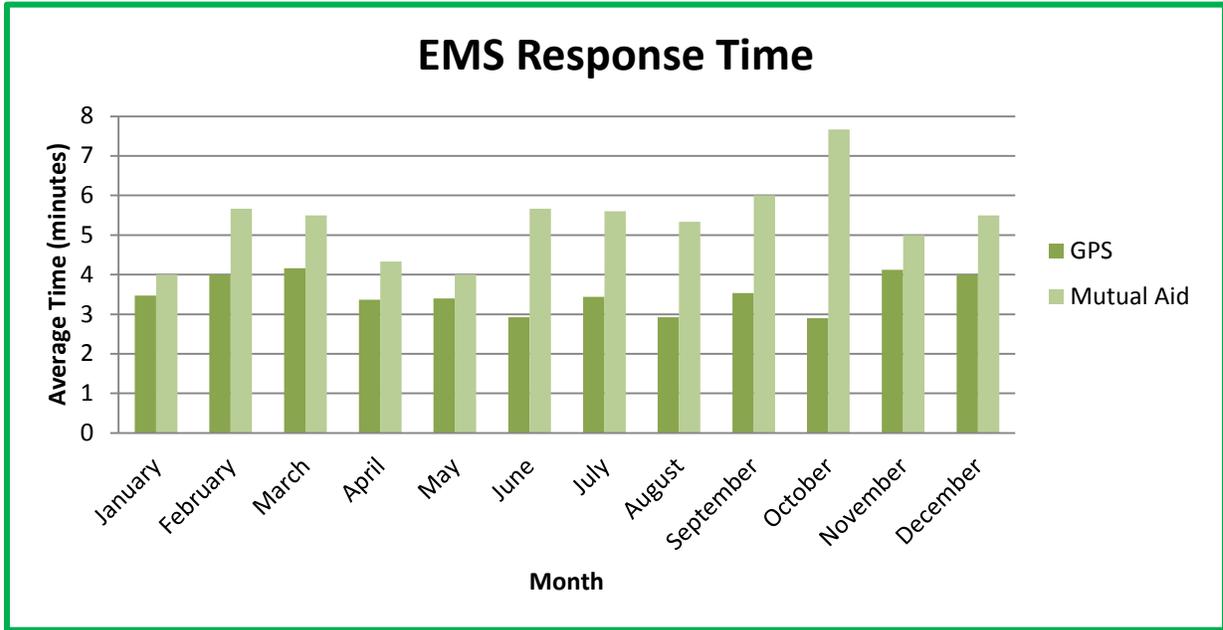

- CPR initiated by BLS level co-responders with-in four minutes of the initial call for help.
- Paramedic-level ALS care on-scene within eight minutes.

Grosse Pointe Shores is proud to provide an average response time that is half of the recommended 8 minute benchmark. As a matter of record, Grosse Pointe Shores average response time is less than four (4) minutes for all calls for service in Grosse Pointe Shores, and an average for mutual aid of 5.35 minutes.

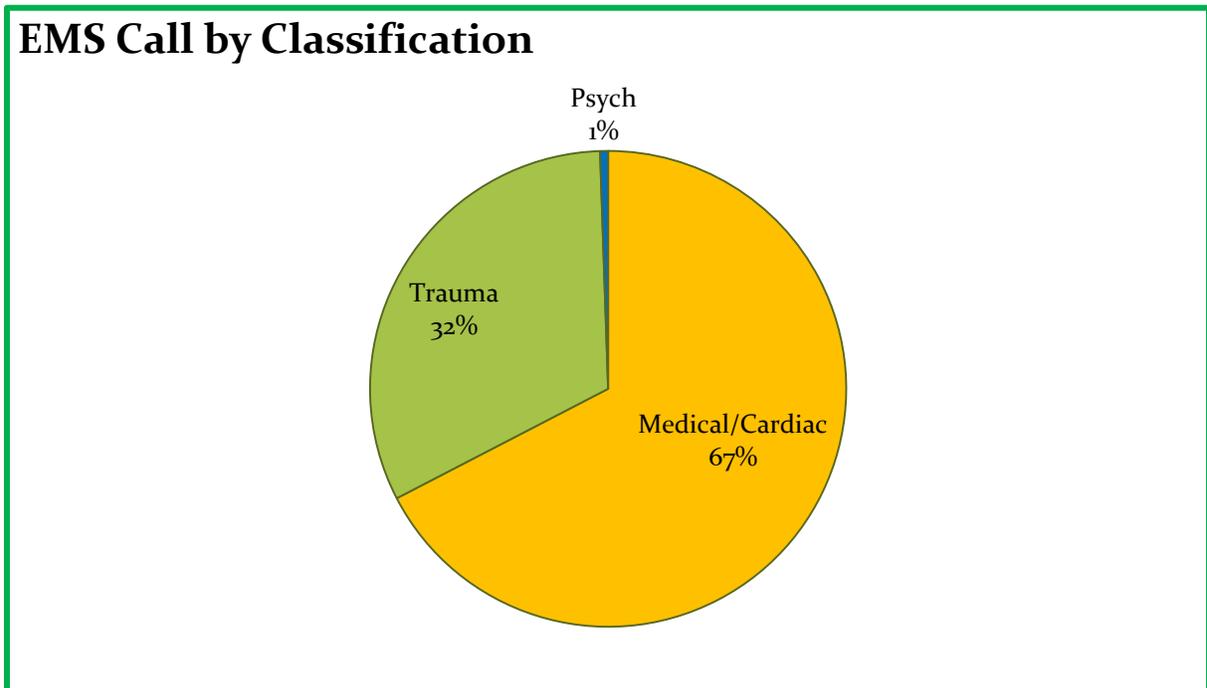

Grosse Pointe Shores Public Safety 2015 Annual Report

The National “Gold Standard” is to have an ALS unit on scene with-in 8 minutes 90% of the time. ***Grosse Pointe Shores is pleased to report an average response time of 3.52 min***

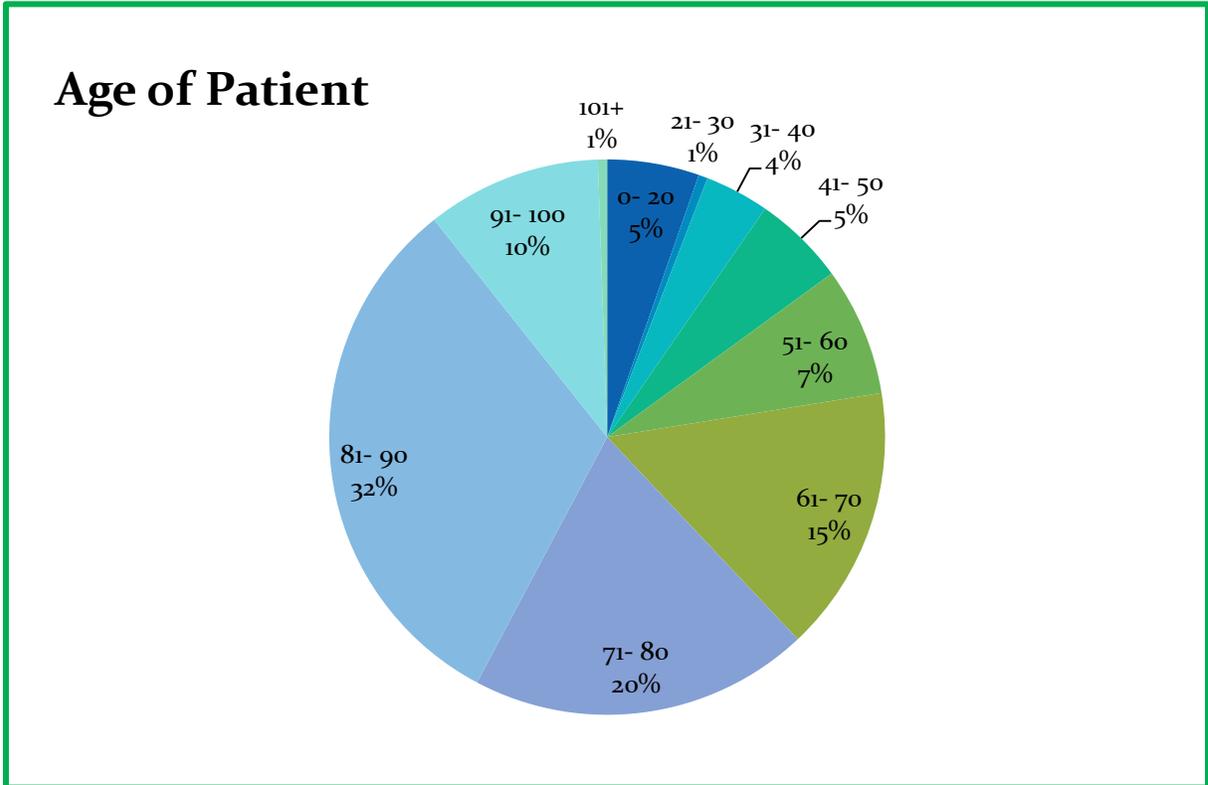

Most frequent type of EMS call for 2015 was medical at 67%.

In an established community like Grosse Pointe Shores, the pie chart below illustrates the age of the patients requiring assistance from our Advanced Life Support Unit. The highest patient group being 81-90 years of age being at 32%, 61-100 years old making up 71% of all patients.

FIRE DIVISION

The Grosse Pointe Shores Fire Department has at its disposal two pumper style fire engines. Both units are capable of delivering 1,000 gallons of water per minute. Engine 4 [E-4] is a 1996 Emergency One Pumper and is primarily equipped with ventilation equipment. This equipment allows responding personnel to open a roof or window of a dwelling and force the superheated gases to escape and reduce the interior temperature of the structure for interior attack operations. E-4 is our primary response vehicle to mutual requests from our neighboring agencies.

Grosse Pointe Shores Public Safety 2015 Annual Report

Engine 4 A [E-4A] is a 1986 Ford Pumper and is equipped with our Jaws of Life. It has the capability of cutting and spreading heavy gauge steel and aluminum found in many of today's vehicles. This truck is also equipped with a thermal imaging camera that can see through smoke, a valuable aid in the search and rescue of stranded victims and the location of hidden fires. The above mentioned apparatus and equipment represents a portion of what each fire engine is capable of, they are only as good as the firefighters operating them. We pride ourselves on the competent operation of this equipment and perform weekly maintenance on the apparatus making sure all of the tools and equipment are in proper working order. Grosse Pointe Shores officers are all trained to the level of Fire Fighter I and II and all complete a monthly training activity. This monthly training ranges from pump operations, search and rescue, reading smoke and fire conditions to general fire ground operations. Officers are provided with extensive training in vehicle extrication and are provided with cars from the local tow truck yard for training purposes at no charge. The officers train with various tools to stabilize, gain access to a patient and subsequently remove the patient from the vehicle in the safest and most efficient manner. In addition, we train annually on the portable fire pump that is located at our municipal park. In the event of a boat fire, this pump draws lake water from our marina to deliver high volumes to any location in the park. The unit is mounted on a cart and is wheeled to the location for deployment.

Grosse Pointe Shores Public Safety 2015 Annual Report

Our command officers are trained in leadership and management operations. I am pleased to report that with our full staffing, three command officers were trained and certified as Fire Officer I & II by the Michigan Fire Fighting Training Council (MFFTC.) These courses provide the Incident Commander with the training required to competently and safely provide fire suppression services. This course also teaches the command officer how to manage personnel in emergency situations and with day to day operations of the public safety department. Our Fire Inspector conducts inspections annually on all public buildings within the Village. These inspections are essential in maintaining safe conditions for those facilities and their guests.

TOTAL FIRE LOSS

Grosse Pointe Shores Public Safety 2015 Annual Report

According to Homeland Security Typical Fire Research study published in 2006:

- ***Regardless of region, season, or time of day, response times to structure fires are generally less than 5 minutes.***
- ***The nationwide 90th percentile response time to structure fires is less than 11 minutes.***
- ***Structure fires in the Northeast have the lowest response times while those in the West have the highest.***
- ***Average structure fire response times show a relationship between flame spread and longer response times, but only after flames have spread beyond the room of origin.***

“Assuming stable fuel, heat, and oxygen levels, a typical house fire will double in size every minute.” (source <http://discovermagazine.com> accessed February 2013)

EASTERN WAYNE COUNTY SPECIAL RESPONSE TEAM

In 1987, at the direction of two Grosse Pointe Public Safety Directors, research began into creating a multi-jurisdictional Special Response Team (SRT) of officers who possessed special training and equipment to conduct high risk police responses, such as drug raids, response to active shooter and high risk warrant service. In May of 1988, a team of 12 officers, two from each of the Grosse Pointes and Harper Woods, attended the FBI SWAT school at Fort Custer Training Center in Augusta Michigan. Since its inception, the team has continued to grow, and with the expansion of their responsibilities, is a well-trained, highly disciplined and respected tactical team. The Grosse Pointe communities are fortunate to have these dedicated men who are ready to deploy at any time, to protect life, and, in their mission to effect the arrest of wanted felons. The team picture below was taken in the fall of 2015 at the Joint Maneuver Training Center in Grayling Michigan. The team is pictured in front of a recently acquired U.S. Military surplus MRAP vehicle.

COST RECOVERY

An essential ordinance that is enforced regularly in Grosse Pointe Shores is our cost recovery ordinance. Private contractors, commercial vehicles and motorists that cause damage to our infrastructure are invoiced for the cost of replacement and/or repair of any damage to the Village. With the assistance of Brett Smith and the Public Works Department, we have been very successful in our cost recovery again this year. Examples of this damaged property include police, fire or DPW vehicles, municipal buildings, power lines, street lamps, trees, curbs, and fences. The Public Safety Department also recovers funds from each Operating While Intoxicated (OWI) arrest to cover the cost of processing and prosecution of these complaints. We have also added an administrative processing fee to all impounded vehicles. Throughout the year, the Department also provides supplemental public safety officer staffing to our commercial facilities and to various organizations requesting service within the Village. These facilities are invoiced for the services provided and we recover 100% of the cost of the officer’s salaries including benefits.

RECOVERED FUNDS	2015	2014	2013
Infrastructure Damage Recovery	\$3,226.85	\$67,814.50	\$46,588
Officer salary recovery (Commercial Security Details)	\$5,006.84	\$6,629.21	\$7,209
OWI recovery	\$14,345	\$13,530	\$7,706
Administrative towing fee	\$6,810	\$5,810	\$4,994
Grants (all other)	\$12,500	\$20,584	\$4,994
Grant: Operation StoneGarden (Homeland Security)	\$5,925.64	\$24,677	\$8,000
Total Recovered	\$47,814.33	\$139,044	\$77,368

EQUIPMENT LIFE EVALUATION

In order to maintain uninterrupted service to the residents, it is incumbent upon the Public Safety Department to continuously monitor and update the life expectancy of our most critical and expensive equipment. The expected life of some equipment is set by the manufacturer; however, good maintenance can often extend this life. The graph below assists us in the long term planning and replacement of the essential equipment that are critical to the delivery of our Police, Fire and EMS services.

EQUIPMENT DESCRIPTION	SERVICE LIFE	CURRENT AGE	COST
JAWS OF LIFE	20-25	25	\$20,000
THERMAL IMAGING CAMERA	15	20	\$20,000
CARDIAC MONITOR	15	17	\$45,000
SERVICE WEAPONS	15	0	\$10,000
PATROL RIFLES	15	1	\$7,500
PREP RADIOS (8)	15	Various ages	\$3,500 each
BODY ARMOR	5	1	\$6,500
MOBILE DATA COMPUTERS	10	5	\$6,000
SCBA PACKS (10)	20	18	\$2,900 each

This page is dedicated to the 129 men and women who have who have made the ultimate sacrifice in the line of duty in 2015 while protecting our way of life.

A POLICE OFFICER'S PRAYER

Lord I ask for courage

Courage to face and

Conquer my own fears...

Courage to take me

Where others will not go...

I ask for strength

Strength of body to protect others

And strength of spirit to lead others...

I ask for dedication

Dedication to my job, to do it well

Dedication to my community

To keep it safe...

Give me Lord, concern

For others who trust me

And compassion for those who need me...

And please Lord

Through it all

Be at my side...
