Approval of Minutes

Approval of the draft minutes of the June 8, 2021 Harbor Committee regular meeting, motion by Schroder, seconded by Ritter; unanimously approved.

Harbor Master Report

Krolczyk discussed the projects done in the harbor; dock decking, concrete wall repairs, scare tape and goose replant spray. He also discussed some budget items that Schroder inquired about including well rental fees and budget balances. The committee also discussed replacing versus repairing the concrete wall with other materials.

Old Business – Kratz mentioned that the scare tape seems to be working very well. Members discussed different options such as predatory bird sounds and motion strobe lights.

New Business –

Dan Ritter has been certificated as part of the auxiliary coast guard and is available to do safety checks for interested residents in the spring. Sables jet dock was occupied by another resident and he could not bring in his jet ski for a week until the situation got resolved. In the future Krolczyk will renumber the jet pods so there are visible from the water and the dock itself and Schroder suggested that if a boat or jet ski is in the wrong well, the occupant will be contacted and given 24 hours to move. (Suggested Harbor Rules change)
